

FEATURED PRODUCTS

Grand Manor®

One of the heaviest, most extraordinary shingles ever produced. Two full-size shingles with a third layer of extra-wide random tabs creates virtually five-layer coverage when applied. Algae resistant. Lifetime limited warranty with 10-year SureStart™ protection.

Carriage House™

Distinctive shadow lines and a unique scalloped edge create a handcrafted look. Two full-size shingles result in virtually four-layer coverage when applied. Algae resistant. Lifetime limited warranty with 10-year SureStart protection.

Presidential Shake™ TL / Presidential Shake™

When it comes to looks, Presidential TL always gets the final word. Its sculpted, rustic edges provide a distinctive shake look that can be mistaken for no other. Lifetime limited warranty. Also available in an impact resistant version

Centennial Slate™

Centennial Slate replicates the true look of blended slate with uncanny accuracy, but at a fraction of the cost. With new technology, color can now be applied to each shingle tab individually with a precision previously found only in nature.

Landmark™ TL / Landmark™ Series

A "leader of the class" in the two-piece laminated shingle category. Complex color blending with subtle shadow lines produce a unique color selection. Landmark™ TL is also available in an impact resistant version. The series includes Lifetime, 40-year and 30-year products. Landmark TL has 3 layers for ultra thick look. Lifetime limited warranty.

Independence™

Unique color blending, random tabs and depth-enhancing shadow lines give this shingle a classic, highly textured dimensional appearance. Algae-resistant. Lifetime limited warranty.

CertainTeed

Quality made certain. Satisfaction guaranteed.™

KEY FACTS:

- Founded in 1904, CertainTeed is a leader in the building materials industry. Its diversified product offering includes roofing shingles, siding, windows, fence, railing, trim, insulation, pipe, foundations, gypsum and ceilings.
- Nearly 50 manufacturing facilities nation-wide and ten state-of-the-art roofing plants.
- Maintains the highest quality standards for all its products. Its roofing shingles feature the tightest dimensional standards in the industry.
- Underwriters Laboratories verify over 30 styles of CertainTeed fiber glass roofing shingles to conform to ASTM D3462, an important industry standard.
- The most extensive line of shingles with many innovative styles unique to CertainTeed.
- The leader in color innovation with more than 130 beautifully blended choices.

FEATURED PRODUCTS

Hatteras®

Warranted to withstand winds up to 110 mph, one of the highest wind resistance warranties available, Hatteras' four-tab design with flared cut-outs creates an attractive slate-like appearance. 40-year warranty. Algae resistant.

New Horizon™

Its patented overlay design creates the appearance of a two-piece laminate at a more practical price. Ideal for re-roofing, this durable one-piece shingle is installed like a three-tab with no special accessories required. 30-year limited warranty.

XT™ 30

Built on a super-tough fiber glass base with extra asphalt, XT 30 provides exceptional durability and performance. The perfect choice for light commercial and residential buildings. 30-year limited warranty with 5-year SureStart protection. Available in algae resistant and impact resistant versions in some areas.

XT™ 25

An excellent value in its class, XT 25's high tear strength rating provides superior resistance to blow-offs and handling damage. 25-year limited warranty. Algae resistant, limited availability in some areas.

CT™ 20

An economical three-tab shingle with a tough fiber glass base designed for years of reliable performance. 20-year limited warranty. Algae resistant, limited availability in some areas.

Landmark® Woodscape® Series

Two-piece laminated shingle. Complex color blending with subtle shadow lines produce a unique color selection. The series includes Lifetime and 30-year warranties.
