

DECKING

EverGrain® Decking. Compression molded composite decking featuring an incredibly true-to-life, deep lasting grain. Designed for those who love the natural look of real wood and low maintenance. EverGrain decking requires no staining or painting and is available in many beautiful colors to perfectly complement any home.

DECKING PROFILES

Nominal Size	Actual Size
1 x 6" x (12', 16 or 20')	15/16 x 5 1/2
2" x 6 x (16 or 20')	1 7/16 x 5 1/2
Skirting (12')	1/2 x 11 7/8

All Tolerances +/- 1/16"

Note: Vibrance Collection is available in 1 x 6 x (16' or 20') and skirting only.

TRADITIONAL RAILING SYSTEMS

Enhance your beautiful EverGrain deck with equally attractive railing systems and skirting. EverGrain offers multiple options to make your addition look its absolute best. They're made through a combination of EverGrain's unique compression molding process and an extrusion process. They come in multiple colors so you can coordinate just the right look for your home. EverGrain Decking material can also be used to create planters and deck accessories, or to cover a wooden bench to match your deck.

DESIGNER RAILING SYSTEM

Designer Railing System features extruded hand rail, universal top and bottom rail, and innovative patented oval balusters. The system is easily assembled with extruded post sleeve, and injection molded post ring and post cap to create the perfect finishing touch. Available in 6' straight rail and stair rail kits along with baluster kits and post sleeve kits to accommodate 36" or 42" railing heights. EverGrain also offers a Traditional and 2x4 Traditional Railing System.

RAILING SYSTEM PROFILES

Nominal Size	Actual Size
2" x 4" x (12') Extruded	1 7/16 x 3 1/2
2" x 6 x (16 or 20')	1 7/16 x 5 1/2
2" x 2" x (12')	1 1/2 x 1 1/2
Skirting (12')	1/2 x 11 7/8
4" x 4" x (104") Post Sleeve*	4 3/8 x 4 3/8

TAMKO TAM-RAIL®

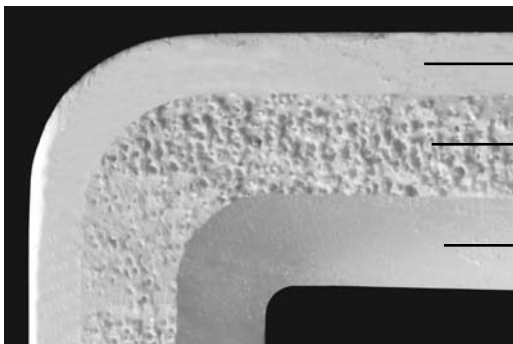

TAM-RAIL® RAILING SYSTEMS

TAM-RAIL® RAILING SYSTEM by TAMKO® is a patented triple-layer railing system that offers incredible performance and protection. The system features thick walls, outstanding stiffness, and superior rigidity—all in a product that is light in weight and low maintenance. Whether it's on the stairs, on the porch or on the deck, TAM-RAIL railing is sure to add a beautiful and durable finishing touch. Compare it to PVC railing products and see the difference for yourself.

THE TAM-RAIL DIFFERENCE

Made from durable cap stock, the outer layer provides not only a great look, but also additional protection. It is low maintenance and designed for weather resistance.

Providing excellent strength, the middle layer is an innovative composite wood and foam core that is formulated for stiffness.

Formulated for impact resistance, the interior layer provides a protective and sturdy base.

Building Code Approved: ICC ES Legacy Report 22-22

TAM-RAIL KITS
